Maybe even better than free.

When you use file, you avoid storing the file you're sending in your cloud storage or mail server. So try our free and simple filehosting service now. Yourwallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and ourservers, then from our servers to your friends device. Just upload the file you want to share with your friends and we send you a download link to your file.Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can betransferred within their apps. Simply upload your file and share the link. Files can be downloaded from any computer from our high speed servers. It is alsoallowed to link to the download page from websites and communities. File is free to use with no gotchas and no hidden fees. There are no restrictions on thenumber of times a file can be downloaded. You decide who you want to share your files with. Our service is completely free for everyone. You can upload anytype of file (movies, music, documents, images, zip files and more). Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. Any file in any format can be uploaded and downloaded for free. The cost of that data transfer is covered by your internet service or the dataplan on your phone. You can give this download link to your friends by mail or instant messenger. Using file, you can circumvent those limits without paying toupgrade your team chat service. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storagefees. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. If only we could, we surely would! On the other hand, using filecan actually save you money. No account or credit card is required to get started. You don't need any special software installed to be able to download yourfiles. We have no file size limit. filehosting provides an easy possibility for you to send large files to your friends. Keep your files private, or send yourdownload links only to friends or family. Unfortunately, we can't make that part free.
