Maybe even better than free.

Unfortunately, we can't make that part free. Using file, you can circumvent those limits without paying to upgrade your team chat service. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Just upload the file you want to share with your friends and we send you a download link to your file. filehosting provides an easy possibility for you to send large files to your friends. If only we could, we surely would! On the other hand, using file can actually save you money. You can give this download link to your friends by mail or instant messenger. We have no file size limit. You don't need any special software installed to be able to download your files. No account or credit card is required to get started. Any file in any format can be uploaded and downloaded for free. File is free to use with no gotchas and no hidden fees. The cost of that data transfer is covered by your internet service or the data plan on your phone. There are no restrictions on the number of times a file can be downloaded. You decide who you want to share your files with. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Our service is completely free for everyone. Simply upload your file andshare the link. It is also allowed to link to the download page from websites and communities. Alternatively you can choose to share your download links onblogs, forums and social networking sites. Files can be downloaded from any computer from our high speed servers. So try our free and simple filehostingservice now. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You can uploadany type of file (movies, music, documents, images, zip files and more). Your wallet will be none-the-lighter! Just so we're all 100% clear here: When youshare a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Keep your files private, orsend your download links only to friends or family. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chatapps have limits to the size of files that can be transferred within their apps.
