Maybe even better than free.

Unfortunately, we can't make that part free. Just upload the file you want to share with your friends and we send you a download link to your file. Files can be downloaded from any computer from our high speed servers. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of filesthat can be transferred within their apps. There are no restrictions on the number of times a file can be downloaded. You can upload any type of file (movies,music, documents, images, zip files and more). This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. The cost of that datatransfer is covered by your internet service or the data plan on your phone. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When youshare a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. So try our free and simplefilehosting service now. File is free to use with no gotchas and no hidden fees. Files transferred the old-fashioned way tend to pile up and be forgotten about,eventually costing you money in data storage fees. We have no file size limit. When you use file, you avoid storing the file you're sending in your cloud storageor mail server. Any file in any format can be uploaded and downloaded for free. You decide who you want to share your files with. Simply upload your file andshare the link. Our service is completely free for everyone. Using file, you can circumvent those limits without paying to upgrade your team chat service. Ifonly we could, we surely would! On the other hand, using file can actually save you money. You can give this download link to your friends by mail or instant messenger. filehosting provides an easy possibility for you to send large files to your friends. No account or credit card is required to get started. Keep your files private, or send your download links only to friends or family. It is also allowed to link to the download page from websites and communities. You don't need any special software installed to be able to download your files.
